III. Suggested by our Readers

[Although the subtitle does not indicate it, the assumption here is the same as in the preceding section: we list "recent" work--i.e., items appearing in the last several years. Occasionally, readers call our attention to errors in the entries, usually of a minor typographical character. Typing the entries is a burdensome, and under the pressure of getting HAN out, some proofreading errors occasionally slip by. For these we offer a blanket apology, but will not normally attempt corrections. Once again, we call attention to the listings in the Bulletin of the History of Archaeology, the entries in the annual bibliographies of Isis, and those in the Bulletin d'information de la SFHSH [Société française pour l'histoire des sciences de l'homme]--each of which takes information from HAN, as we do from them--although selectively]
